

GL8821 Modern Comfortable Best Winter Jacket for Men with Stretchy Fabric

Short Description:

This is a modern winter jacket for men, with mechanical stretched fabric, reflex printing and contrast zipper.

Product Introduction:

It's a modern workwear for men. The outlook is very attractive.

The fabric is 150D polyester mechanical stretch, twill/TPU. And the fabric is much softer than classic workwear. It makes you feel perfect and also could match the demand of working situation.

There are reflex printing in the shoulder and back. It's reflective in night and a good decoration in the day time. And the contrast zipper is also a good point to make it more attractive. And it's easy to be seen in the night which could keep you more safe.

There are total 5 pockets which could match your different demands to hold different belongings. And the inner cuffs keep warm and comfortable.
